Laws And Regulations**

Mayor  
Town of Rosalia  
Rosalia, Washington

We have audited the financial statements, as listed in the table of contents, of the Town of Rosalia, Whitman County, Washington, as of and for the fiscal year ended December 31, 1995, and have issued our report thereon dated August 5, 1996.

We also performed tests of compliance with state laws and regulations as required by *Revised Code of Washington* (RCW) 43.09.260. This statute requires the State Auditor to inquire as to whether the town complied with the laws and the *Constitution of the State of Washington*, its own ordinances and orders, and the requirements of the State Auditor's Office.

Compliance with these requirements is the responsibility of the town's management. Our responsibility is to make a reasonable effort to identify any instances of misfeasance, malfeasance, or nonfeasance in office on the part of any public officer or employee and to report any such instance to the management of the town and to the Attorney General. However, the objective of our audit of the financial statements was not to provide an overall opinion on compliance with these requirements. Accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance that are required to be reported herein under *Government Auditing Standards*.

This report is intended for the information of management and the mayor and to meet our statutory reporting obligations. This report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

Mayor  
Town of Rosalia  
Rosalia, Washington

We have audited the accompanying statements of Fund Resources and Uses Arising from Cash Transactions of the various funds of the Town of Rosalia, Whitman County, Washington, for the fiscal year ended December 31, 1995. These financial statements are the responsibility of the town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1 to the financial statements, the town prepares its financial statements on the cash basis of accounting that demonstrates compliance with Washington State statutes and the *Budgeting, Accounting and Reporting System* (BARS) manual prescribed by the State Auditor, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the recognized revenues and expenditures of the funds of the Town of Rosalia for the fiscal year ended December 31, 1995, on the cash basis of accounting described in Note 1.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedule of Long-Term Debt and Schedule of State Financial Assistance are presented for purposes of additional analysis and are not a required part of the financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

Brian Sonntag  
State Auditor
